

PRODUCTCATALOGUE 2019/2020

NEW GENERATION **flooring**

Living in a dynamic world with rapid technological progress and environmental change, we are increasingly moving away from nature and the vitality it carries. Known as the most useful and versatile material on the planet, the wood has a precious energy and can transform any space into a peaceful sanctuary. Our mission is to turn this special material into flooring – a bridge between *man and nature*.

Pavidera was established in 1991 as the first private factory for hardwood flooring in Bulgaria. Since then we have been creating parquet which combines beautiful design and high quality.

As pioneers in our industry, it is our responsibility to offer not just flooring, but long-standing parquet that brings beauty and coziness to every home.

PRODUCTION *and* SUSTAINABILITY

As traders we have responsibility to provide the best product to our customers, but as an industrial manufacturer we also feel responsible to preserve Earth's natural resources.

Every PAVIDERA parquet plank is finished with natural oil based on linseed oil that meets all standards for safety and ECO friendly product. By choosing Pavidera's engineered wood flooring you can walk confidently on it, knowing that you have made the right choice for you, your family and also for the planet.

We use European Oak and high-quality plywood to create durable, elegant and sustainable flooring that last for generations.

Properties and test standards

- EU – Decopaint Directive
- Z-157.10- 17 (low-emission; certified construction product in accordance with DIBt standards)
- DIN 71-3 (safety for toys)
- DIN 53160 (saliva and sweat proof)
- Free of formaldehyde, aromatic compounds, biocidal substances, preservatives, biocides, cobalt and oxime.

All PAVIDERA products are finished with a natural oil derived from linseed, without any harmful substances. An eco-friendly product that creates a highly resistant surface, repelling dust and water. Breathable, anti-static, easy to maintain and repair surface, easy to clean. Abrasion, water and household chemicals resistant.

Species: European Oak

Thickness: 14/3 mm

Length: 1825 mm

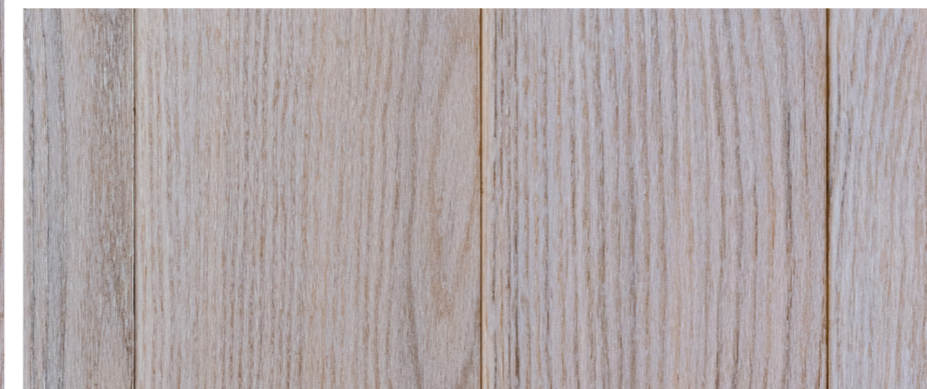

Width: 140 mm

Designer Edge: 4 side Micro-Bevelled

Texture: Brushed Install

Type: Tongue & Groove

ALASKA

Species: European Oak

Thickness: 14/3 mm

Length: 1825 mm

Width: 140 mm

Designer Edge: 4 side Micro-Bevelled

Texture: Brushed Install

Type: Tongue & Groove

BAIKAL

ETNA

Species: European Oak

Thickness: 14/3 mm

Length: 1825 mm

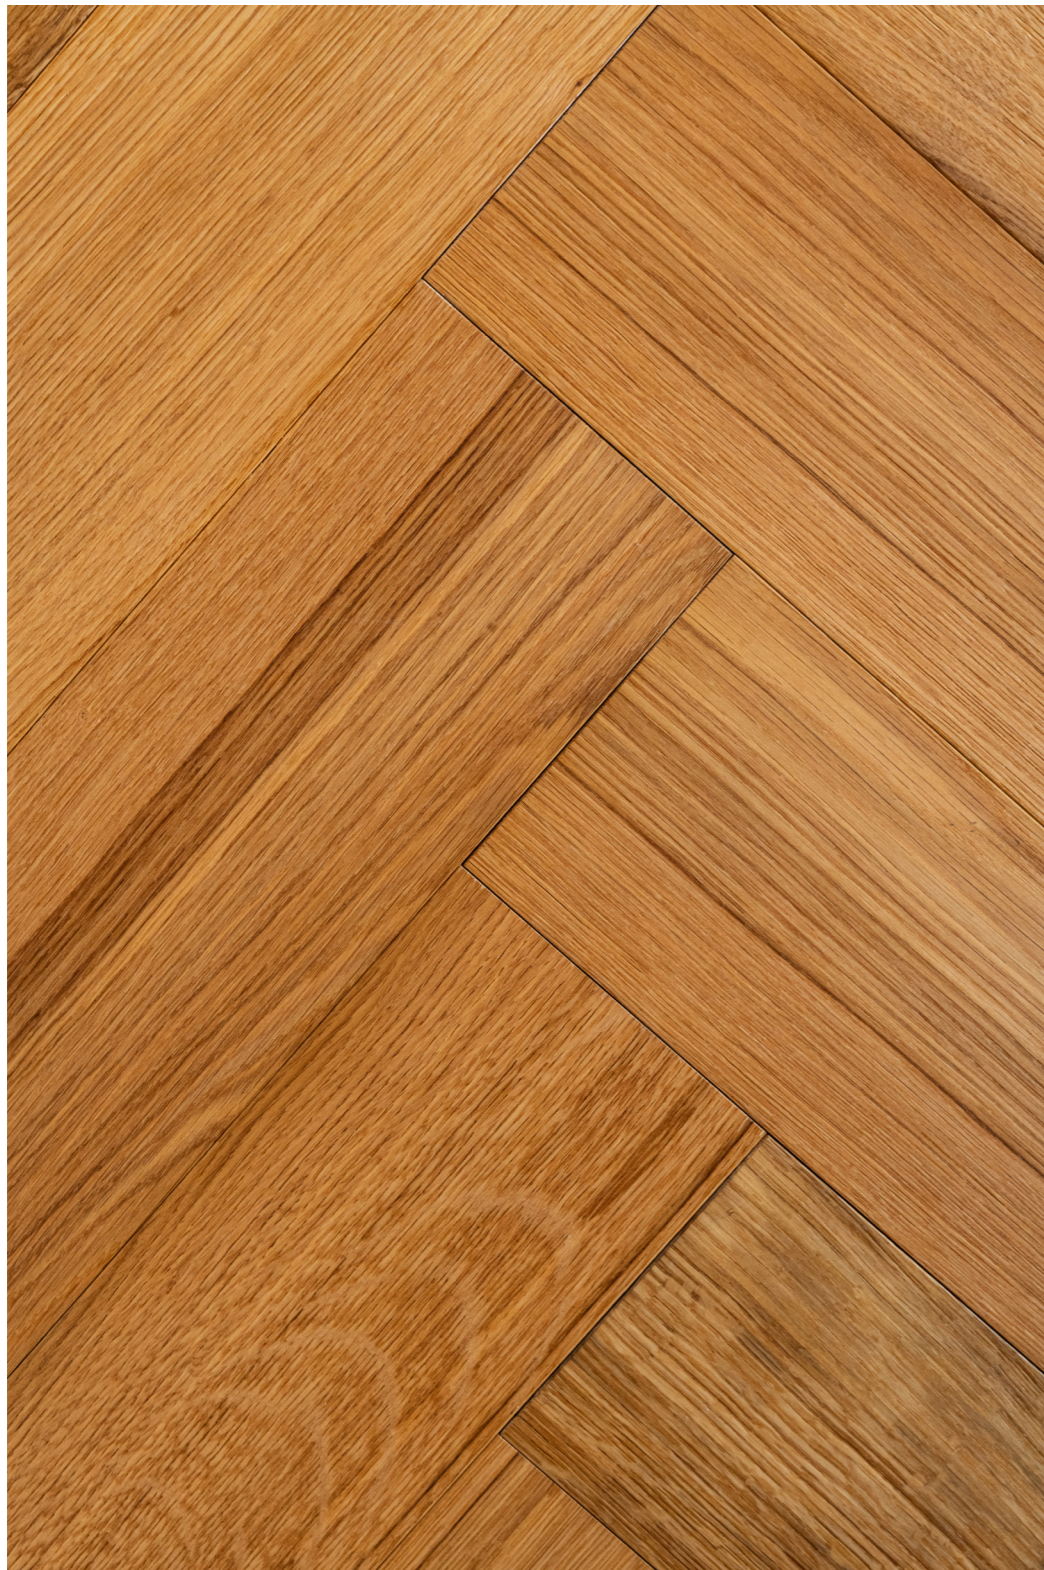

Width: 140 mm

Designer Edge: 4 side Micro-Bevelled

Texture: Brushed Install

Type: Tongue & Groove

NILE

Species: European Oak

Thickness: 14/3 mm

Length: 1825 mm

Width: 140 mm

Designer Edge: 4 side Micro-Bevelled

Texture: Brushed Install

Type: Tongue & Groove

Species: European Oak

Thickness: 14/3 mm

Length: 1825 mm

Width: 140 mm

Designer Edge: 4 side Micro-Bevelled

Texture: Brushed Install

Type: Tongue & Groove

RHODOPE

SAVANNA

Species: European Oak

Thickness: 14/3 mm

Length: 1825 mm

Width: 140 mm

Designer Edge: 4 side Micro-Bevelled

Texture: Brushed Install

Type: Tongue & Groove

Species: European Oak

Thickness: 14/3 mm

Length: 1825 mm

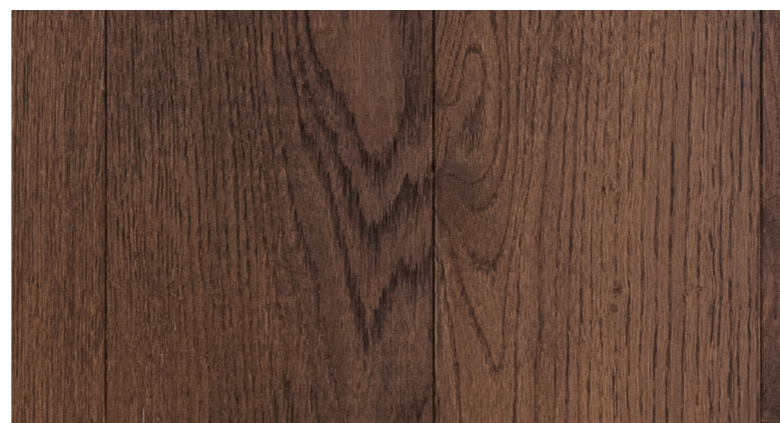

Width: 140 mm

Designer Edge: 4 side Micro-Bevelled
